- (1) Your group's benefit period is based on a Contract Year. The Contract Year is a consecutive 12-month period beginning on your employer's effective date. Contact your employer to determine the effective date applicable to your program.
- (2) The Network Total Maximum Out-of-Pocket (TMOOP) is mandated by the federal government. TMOOP must include deductible, coinsurance, copays, prescription drug cost share and any qualified medical expense. If you are enrolled in a "Family" plan, with your non-embedded deductible, the entire family deductible must be satisfied before claims reimbursement begins. In addition, with your non-embedded out-of-pocket limit, the entire family out-of-pocket limit must be satisfied before additional claims reimbursement begins. Finally, with your embedded TMOOP, once any eligible family member satisfies his/her individual TMOOP, claims will pay at 100% of the plan allowance for covered expenses, for the rest of the plan year.
- (3) Telemedicine services (acute care for minor illnesses available on-demand 24/7) must be performed by a Highmark designated telemedicine vendor. Additional services provided by a Highmark designated telemedicine vendor are paid according to the benefit category that they fall under (E.G. PCP is eligible under the PCP office visit benefit, behavioral health is eligible under outpatient mental health).
- (4) Services are limited to those listed on the Highmark Preventive Schedule (Women's Health Preventive Schedule may apply).
- (5) Benefits for emergency ambulance services rendered by a non-network provider will be subject to the same cost-sharing amount, if any, that is applicable to network services. The member will be responsible for any amounts billed by the non-network provider for emergency ambulance services that are in excess of the amount that Highmark pays.
- (6) 30 visit maximum per event for combined physical therapy, occupational therapy and spinal manipulations
- (7) After initial evaluation, applied behavioral analysis will be covered as specified above. All other covered services for the treatment of Autism Spectrum Disorders will be covered according to the benefit category (E.G. speech therapy, diagnostic services). Treatment for Autism Spectrum Disorders does not reduce visit/day limit.
- (8) Treatment includes coverage for the correction of a physical or medical problem associated with infertility. Infertility drug therapy may or may not be covered depending on your group's drug program.
- (9) Highmark Medical Management & Policy (MM&P) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Be sure to verify that your provider is contacting MM&P for precertification. If this does not occur and it is later determined that all or part of the inpatient stay was not medically necessary or appropriate, you will be responsible for payment of any costs not covered. Medical Management & Policy (MM&P) must be contacted prior to a planned inpatient admission or within 48 hours of an emergency or maternity-related inpatient admission. Please note that certain outpatient procedures also require prior authorization. Be sure to verify that your provider is contacting MM&P for precertification. If this does not occur and it is later determined that your services are not medically necessary or appropriate, you will be responsible for payment of any costs not covered.

(10) At a retail or mail-order pharmacy, if your deductible has not been met, you pay the entire cost for your prescription drug at the discounted rate Highmark has negotiated. The amount you paid for your prescription will be applied to your deductible. If your deductible has been met, you will only pay any member responsibility based on the benefit level indicated above. You will pay this amount at the pharmacy when you have your prescription filled. The Highmark formulary is an extensive list of Food and Drug Administration (FDA) approved prescription drugs selected for their quality, safety and effectiveness. The formulary was developed by Highmark Pharmacy Services and approved by the Highmark Pharmacy and Therapeutics Committee made up of clinical pharmacists

and physicians. All plan formularies include products in every major therapeutic category. Plan formularies vary by the number of different drugs they cover and in the cost-sharing requirements. This formulary covers all FDA-approved generic and brand-name drugs. Under **SensibleRX Choice**, when you purchase a brand drug that has a generic equivalent, you will be responsible for the brand-drug copayment plus the difference in cost between the brand and generic drugs, unless your doctor requests that the brand drug be dispensed. Anti-Cancer medications orally administered or self-injected. Deductible, copayment and coinsurance amounts for patient administered anti-cancer medications that are covered benefits are applied on no less favorable basis than for provider injected or intravenously administered anti-cancer medications.

(11) Unless otherwise provided for benefits for emergency ambulance services rendered by a non-network provider will be subject to the same cost-sharing amount, if any, that is applicable to network services. The member will be responsible for any amounts billed by the non-network provider for non-emergency ground and water ambulance services that are in excess of the amount that Highmark WV pays.

The member will not be responsible for any amounts billed by the out-of network provider that are in excess of the plan allowance for such services.

(13) Covered virtual services will be paid according to the benefit category (e.g., primary care provider office visit, maternity visit, etc.) For example, virtual visits relating to the treatment of mental illness or substance use disorder are covered under your outpatient mental health and substance use disorder benefit and subject to the cost sharing amount in this schedule of benefits.
